

# YES on N

# Save Our Hospital

## WHY ARE PEOPLE VOTING YES ON N?

"Fremont Hospital provides the necessary and valuable medical care to our jail. Federal and state mandates require a high level of care for incarcerated persons. Without a local hospital to provide this our costs would skyrocket. This is just one reason why I, and many, support Measure N".  
**Doug Binnewies**

"Fremont saved my life when I was going through an a-fib attack and was literally a micrometer from death. I have used them many times for emergencies."  
**Dorothy Nielson**

"I am so fortunate to have had at least three scans done here, one MRI, and a couple of sonograms, without having to go to Merced or Fresno. That's why having a hospital here is so important. Not to mention the fact the ER Department is outstanding and basically saved my life on two occasions."  
**Sara Parrish**

"I had trouble breathing and went to the Fremont ER. They immediately diagnosed a life-threatening pulmonary embolism and started treatment to save my life."  
**Pat Stacy**

"I honestly don't know what I would have done if our hospital wasn't here."  
**Becky Matlock**

And many more reasons. Please visit our website at [yesonmeasuren.org](http://yesonmeasuren.org) and our Facebook page Yes On Measure N - Save Our Hospital.
